EDU-BUILD INSTITUTE

Vision

- Caring Communities.
- Edu-Build Institute courses from Early Childhood Development to Senior Education.
- Healthy, educated children.
- Safe streets, safe neighborhoods.
- Early Childhood Development Centre with qualified Practitioners from Edu-Build Institute.
- Education for all.

Mission Statement

- Promoting child health and development through a comprehensive Early Childhood Development Centre and Community initiative.
- To create a thriving Early Childhood Development Centre through creating employment opportunities, education and cultural pride.
- To develop a safe and healthy neighborhood through collaborative planning, community action and policy advocacy.
- An Institution promoting community health, education, by connecting people, ideas and resources.
- Thus, our slogan: “Reach, Teach and Build a Child today”.
- Better services at affordable Prices.

The Edu-Build Institute approach to delivery of service, is a system which recognizes that meaningful employment includes ownership by workers. Furthermore, professional service delivery includes regular training and development by all personnel involved in the establishment.

In order to ensure that internal standards are met, Edu-Build Institute is not only a service provider but has a dedicated function of equipping a participant whom will operate optimally within the sector. This is achieved through continuous training and developmental programs, which advocates the latest innovations in the education system. As such, the Institution endeavors to empower **Historically Deprived Individuals (HDI)** to fulfill needs in the community.

Services: A holistic Approach supported by Professional expertise.

In order to ensure that the Institution upholds the standard it professes, it provides services to fulfill all the needs of the sector. These services are delivered at three levels:

- **Inspection and Assessing:** Establish the needs of the school.
- **Service Delivery:** This is the implementation phase of the process.
- **Follow up:** The monitoring and evaluation tool is activated at this level.
- **Management:** Consists of a blend of Passion and Competency.

The Management committee of the Institute comprise a blend of passion, professionalism and visionary leadership. This is embodied in the founders of the Institute, whose hearts are driven to pursue industrial and personal development simultaneously.
